

How to find ISF Watchkeeper 3 (Single User) serial number

Please follow these steps in order to get the serial no of your copy of ISF Watchkeeper 3:

1. On the computer that has W3 Single User installed, please load up program by clicking START->PROGRAMS->WK3 SINGLE USER->WK3 SINGLE USER
2. If you are running the application for the first time the Wizard will start, which will collect the information about the vessel, admin password etc. Please follow the steps as prompted until completed.
3. Login to Watchkeeper with username "Admin" and the password specified during installation (or leave the password field blank)
4. Click the WELCOME tab, then note the license details as per the example shown below:

The screenshot shows the ISF Watchkeeper 3 (Single User) software interface. The 'Welcome' tab is selected, and the 'Product Activation' section is visible. The 'Serial No.' is 83500410, and the 'Licence key' is a series of 'x' characters. A green progress bar indicates '1040 day(s) remaining'. The 'Licence Information' section shows the license expires on 17/01/2016, and the 'Vessel Name' is 'MV Sample' and the 'IMO Number' is '1234567'. Contact information is provided for orders, support, and the website.

Section	Field	Value
